Carmen Reschke Joins Doric AIFM

Offenbach am Main – Carmen Reschke has joined the Alternative Investment Fund Manager Doric Investment GmbH as of December 2014.

Ms. Reschke gathered extensive experience with regulated funds as a managing director of KanAm Kapitalanlagegesellschaft and also chaired the German Association *Women in the Real Estate Industry* for a number of years.

With the appointment of Ms. Reschke, the range of services Doric Investment GmbH offers to third parties will be expanded. Additionally, Ms. Reschke will be responsible for developing tailored AIFM service packages for institutional clients.

Smaller companies wishing to issue funds or manage assets, but without the hassle of establishing their own AIFM, may also call upon Ms. Reschke: "I'm delighted that Doric Investment GmbH can offer these market participants access to the regulated capital markets and provide them with a flexible range of services".

In addition, Doric Investment GmbH provides AIFM services to funds issued and fully invested prior to July 2013 (old funds) for established issuing houses. Regular reports to the German Bundesbank for old funds will be mandatory come 2015. Doric's AIFM will carry out this task for third parties, if so desired.

About Doric
