Doric Structures Aircraft Investments for Family Offices

Offenbach – Doric has structured investments in four regional aircraft for two family offices. Doric took delivery of the ATR72-500s in Finland at the end of March 2015. Each plane is leased to Finnair for a period of eight years.

Three of the aircraft were 100 % equity financed; one aircraft was part-financed by NordLB.

In addition to the two ATR72s recently acquired for a public AIF, Doric will be managing all four of the regional aircraft.

Doric's aviation portfolio now comprises 40 aircraft.
