Quadoro Doric acquires residential properties in Holland

Offenbach – Quadoro Doric, the portfolio manager of the open-ended special AIF *Vescore Sustainable Real Estate Europe*, has acquired 10 residential apartments in Dordrecht, Holland.

The apartment building is situated in a peaceful area near the train station in the city center of Dordrecht, and fulfills the sustainability criteria of the fund. Each of the high-quality equipped 3-room-apartments is 80 m² in size and contains a private terrace or balcony.

The investment volume for the apartments added up to EUR 2 million. The acquisition is the third and final part of a transaction, of which two commercial properties in the direct vicinity of the apartments have already been acquired by the fund.

Axel Wünnenberg, Managing Director of Quadoro, added: “We are very pleased with the acquisition. The apartments contribute to the diversification of the fund portfolio.”
