

Bond Repayment and New Offering

Doric's crowdfunding platform Vestinas has redeemed the securities it issued in June 2017 including accrued interest of 5% p.a.

This first crowdfunding issuance had a volume of EUR 2,500,000. Subscriptions started at EUR 1,000.

In the meantime, Vestinas has secured a further asset as the underlying investment for a follow-up offering. The securities will be called *Gesundheitszentren Berlin* (Berlin healthcare centres) and will be available for subscription shortly. The issuance will comprise a volume of more than EUR 5 million. As with the first offer, the *Gesundheitszentren Berlin* bonds will bear interest of 5% p.a.

For more information about Vestinas and its offerings see www.vestinas.com.
