

Quadoro Doric Receives Scope Award

On 29 November 2018, Doric received the Scope rating agency award for the Best Asset Manager in the Sustainability category for the special AIF Vontobel Sustainable Real Estate Europe (VSREE). The award ceremony took place during a gala event at the Humboldt Carré conference centre in Berlin.

Quadoro Doric, the real estate specialist of the Doric Group, is responsible for selecting the fund properties according to strict sustainability criteria. In addition to classic locations, the fund's investment focus is on so-called hidden champions, i.e. European cities with attractive parameters and good prospects for the future. VSREE is a cooperation between Doric and Vontobel.

In addition, Doric was nominated for the Best Asset Manager in the Transportation category again. Doric has already received two Scope Awards for the Best Asset Manager for aircraft.

A rating agency based in Berlin, Scope specialises in the analysis and valuation of asset management companies.
